

Online Reading Resources

There are thousands of sites online created specifically for people who like to read. Many of these sites can be used to find, read, discuss, and share books online. Here is a list of just a few free online resources that any book lover will enjoy.

www.bookbub.com

If you read e-books, you can get free books every day of the week! Create a free account with your email address, select your favorite authors and genres, and then discover e-books available for free or up to 95% off their cover price! Once joined, an email is sent daily with highlighted offerings. Visit their website to see *everything* available. When you see something you like, act fast as most offers have a time limit. This is a great way to build your library or try a new author for free or at a great price.

<https://libbyapp.com/library/noble>

Libby is a free app and/or website where you can enjoy free ebooks, digital audiobooks, and magazines from your public library. You can stream titles with Wi-Fi or mobile data, or download them for offline use and read anytime, anywhere. All you need to get started is a library card. Visit:

<https://beverlypubliclibrary.org>

The Beverly Public Library website is a tremendous resource that extends beyond borrowing books, DVD's and music. Explore all the digital resource options from A-Z. Do you know about all the services the library offers, including notary services? Did you know you can borrow THINGS like blood pressure monitors and sewing machines? Check out their website to learn more.

www.hoopla.com

Like Libby, you can check out digital books, audiobooks, and music with your library card.

www.bookseriesinorder.com

This website is an easy-to-use database containing over 10,000 authors and lists every one of their books in publication order and in series order. This is invaluable when you want to start a new series and you don't know the correct order in which to read them. You can even look up a series by its main character. This is a great resource.

www.goodreads.com

Goodreads is an enormous social network with nearly 3 million reading members. At Goodreads, you can make a list of the books you have read, mark books you want to read, read/write reviews, and get book recommendations from other people.

www.wowbrary.org

Wowbrary regularly informs you by email about your chosen public library's newest books, movies, and music. They make it easy for you to browse through the latest additions and place a hold on a new title.
